"What About: Free Hardstyle Serum Presets" is a new free product created by the On Point team. In this pack you will find 25 unique and powerful Hardstyle presets. Each preset can be used as a separate instrument. The package contains presets for all the key sounds that you need to use as a basis for creating your own tracks. Hardstyle Serum presets are a new technology that allows you to change the style of an instrument in seconds, without using any instruments. Just select the desired part of the track and use virtual effects to create your own track.
