It was developed and published by Eidos Interactive. Story A young archaeologist named Lara Croft is sent to an island in the middle of the Mediterranean. Among the mysteries that await her there, the Scribe is giving her the chance to meet her past. Characters Lara Croft is an ambitious young woman, and the game's protagonist. She is a very skilled archaeologist and explorer. Gameplay The gameplay is somewhat based upon the Tomb Raider series. The Game Boy Color version is quite similar to the Super NES version. The Game Boy Color version was later released as part of the Tomb Raider Complete Collection for the Game Boy Advance on June 11, 2003. Editing When the game was released on the Super Nintendo Entertainment System, it was edited to remove the name of the pirate ship the game's protagonist was rescued from, and the ending was changed. Reception The Game Boy Color version received fairly negative reviews from critics. GameSpot gave the game a 6.4 out of 10, praising the graphics and sound but criticizing the limited exploration and overly easy puzzles. IGN gave the game a 5.0, describing it as "
